Career Objective

Junior web developer with strong hands-on experience in Laravel-based projects, Python programming and IoT training. Seeking an entry-level position to apply skills in web development, backend programming and IoT solutions, while contributing to real-world projects.

Technical Skills

- **Backend:** PHP, Laravel
- **Frontend:** HTML, CSS, Bootstrap, JavaScript, jQuery, React (Basic)
- **Database:** MySQL

Projects

Inventory and POS Management System

Technologies: Laravel, PHP, MySQL, Bootstrap, jQuery

Live Link : <https://inventorynpos.hungrycoding.com>

- Developed a web-based inventory and POS system for small and medium businesses
- Implemented product, category, supplier and stock management modules

Travel Agency Management System

Technologies: PHP, MySQL, Bootstrap, JavaScript

Live Link: <https://travelagency.hungrycoding.com>

- Developed a travel agency management system to manage flight tickets and bookings
- Implemented package creation, pricing, and availability management

Professional Training

Web Development Trainee

IsDB-BISEW

Duration: September 2025 – February 2026

- Completed a structured 6-month professional web development training program
- Learned front-end to back-end development in a sequential manner
- **Training Modules Covered (Step-by-Step):**
 - HTML (Structure & semantic markup)
 - Bootstrap (Responsive UI design)
 - JavaScript (Core programming & DOM manipulation)
 - jQuery (Dynamic UI interactions)
 - PHP (Server-side programming)
 - React (Component-based frontend fundamentals)
 - Laravel (MVC architecture & backend development)
- Built real-world projects including Inventory & POS Management System
- Practiced CRUD operations, authentication and database relationships
- Improved debugging, problem-solving and teamwork skills

IoT Training

Hosted by: Circle Industries Ltd.

Module Provided & Certificate Issued by: Department of IIT, Dhaka University

Duration: July 2023 – December 2023

- Completed professional IoT training program at **Circle Industries Ltd**
 - Learned IoT concepts, sensors, microcontrollers, and communication protocols
 - Worked on small IoT projects and practical exercises
-

Professional Experience

Python Programming Trainer

Govt. Training Project, Baraibuniya High School Pirojpur

Duration: January 2024 – May 2024

- Conducted professional Python training sessions for government trainees
- Guided students on core Python, OOP and coding exercises
- Mentored trainees in debugging and problem-solving techniques

Python Core Coding Intern

Circle Industries Ltd

Duration: July 2023 – December 2023

- Completed a 6-month hands-on internship focused on Python core programming
 - Learned data structures, OOP concepts, control flow, functions and loops
 - Built small projects and coding exercises
-

Education

Southeast University, Tejgaon

— *BSc. in CSE*

February 2024 – Present

Daffodil Polytechnic Institute, Dhanmondi

— *Diploma in Computer Engineering*

June 2019 – December 2023

BHBFC Ideal High School, Uttara

— *Secondary School Certificate*

January 2013 – April 2015
